

INNOVATIVE GLAZING SOLUTIONS

Beautiful spaces. Expertly delivered.

ARCHITECTURAL GLAZING & OUTDOOR LIVING SPECIALISTS

www.igs-ltd.co.uk | info@igs-ltd.co.uk

Welcome to IGS

Personal advice. Technical expertise. Professional installation.

A personal approach

We help homeowners bring their ideas to life, from beautiful outdoor living spaces to architectural glazing solutions.

- Friendly, approachable and happy to work around your needs
- Face-to-face visits to discuss your ideas and understand your home
- Over 20 years of specialist glazing experience within our technical leadership
- Respectful, experienced installation teams who take care in your home

From first conversation to finishing touches

- Initial discussion and site visit
- Advice on suitability, access and any groundworks required
- Technical site survey and drawings for approval
- Supply coordination, professional installation and handover

Outdoor living

Beautiful spaces to enjoy more of the year.

Explore the possibilities

- Pergolas with adjustable louvred roofs
- Glass-roof verandas and enclosed glass rooms
- Solid-roof and other roof configurations across selected ranges
- Sliding glass enclosures, louvred side screens and blinds
- Optional integrated lighting and heating on compatible systems
- Carports and glass entrance canopies

Architectural glazing

Thoughtful design for the spaces you live in.

Our glazing and finishing ranges

- Aluminium windows, entrance doors and composite doors
- Sliding and bifold doors to connect home and garden
- Steel-look and specialist internal glazed doors and screens
- Glass balustrades and Juliet balconies
- Contemporary glass canopies and bespoke glazing solutions
- Advice on design, measurements, specifications and installation

Outdoor wellness

Create your own space to relax, reset and recharge.

Introducing Yakia saunas

A personal retreat, just steps from home. Discover outdoor saunas designed to make time for relaxation and wellbeing part of everyday life.

- A selection of sauna models and sizes
- Suitable for a range of garden layouts
- Help with positioning, access and site preparation
- Supply and professional installation through IGS

Ask us about the right model and installation for your space.

Why choose IGS?

Expert guidance, delivered with a personal touch.

What you can expect

- A friendly team and a flexible, customer-focused approach
- Options across different styles, specifications and budgets
- A site visit and technical survey where required
- CAD drawings and manufacturer approval where applicable
- Typical manufacture lead times of around 5–10 weeks, product dependent
- Experienced, qualified installers who respect your property
- Installation workmanship warranty and applicable product warranties; terms vary by system
