ARCHITECTURAL GLAZING

THE WINDOWS & DOORS COLLECTION

ALUMINIUM / HERITAGE STYLES / SPECIALIST GLAZING

DESIGNED AROUND YOU. DELIVERED BY EXPERTS.

WWW.IGS-LTD.CO.UK | INFO@IGS-LTD.CO.UK

LIGHT. CHARACTER. POSSIBILITY.

Aluminium windows bring a considered finish to contemporary homes, extensions and renovation projects. Explore styles selected around your property, opening requirements and architectural vision.

WINDOW STYLES TO EXPLORE

Casement and French casement windows

Tilt-and-turn windows

Heritage-style aluminium windows

Discuss frame finishes, glazing and opening arrangements with IGS.
We will help you select a suitable system and confirm the specification.

Available styles and specifications are subject to the selected system.

OPEN UP YOUR HOME.

From a welcoming entrance to a generous garden opening, choose aluminium doors that complement the way you live.

ENTRANCE DOORS

Contemporary aluminium doors, selected to create a distinctive first impression.

BIFOLD & SLIDING DOORS

Connect inside and outside with folding or sliding configurations tailored to your opening.

THE DETAIL MAKES THE DIFFERENCE

Finishes, handles, thresholds and glazing are considered together.

TIMELESS LINES. INDIVIDUAL STYLE.

Carefully proportioned glazing can bring light and definition to period properties and characterful renovations. Explore heritage-style aluminium options alongside specialist steel glazing.

A CONSIDERED APPROACH

We will discuss sightlines, glazing bars, opening styles and finishes, then confirm the material and system suited to your project.

Illustrated: supplied Secco Sistemi reference. Aluminium options discussed separately.

SPECIALIST GLAZING. EXPERT SUPPORT.

For projects that call for distinctive architectural detail, IGS offers specialist knowledge of Secco Sistemi and carefully coordinated support from survey through to installation.

DESIGNED AROUND THE ARCHITECTURE

Discuss specialist steel and brass glazing options, proportions and finishes with our team. Sean Stiles brings more than 20 years of glazing experience, including specialist Secco Sistemi knowledge.

Materials, configurations and performance are confirmed for the selected system.

FROM FIRST IDEA TO FINISHED DETAIL.

Personal advice, careful surveying and professional installation.
We support homeowners, architects, designers and trade partners.

01 **CONSULTATION**

Tell us about your property, priorities and ideas.

02 **SURVEY & TECHNICAL REVIEW**

Measured assessment, interfaces and practical requirements.
